Paediatric Diabetes Network

January 2024

**Provincial Council for Maternal and Child Health
Paediatric Diabetes Network**

**Directory of Paediatric Diabetes Education Programs
by Ontario Health Region**

Last updated on January 2, 2024

Paediatric Diabetes Education Programs (PDEPs) are comprised of multidisciplinary teams of registered nurses, dietitians, and social workers working with paediatricians, paediatric endocrinologists, and/or family physicians, who provide comprehensive care to children and youth with diabetes in Ontario.

Please contact the PDEP in your community to learn more about the specific services they provide, including where services are provided (e.g., some PDEPs have satellite locations in addition to the main site listed herein and/or do outreach to surrounding communities).

1. PDEPs in the Ontario Health West Region
